Subject: RE: query re private well water testing for C8

Hi Roger,

I got pulled onto another item yesterday afternoon, but would like to try and respond to this person soon.

If you have time today after 2, will try to stop by and discuss.

Hi Catherine,

There has been extensive sampling for PFOA in the vicinity of the former DuPont (now Chemours) Washington Works facility over the past 15 years. I will check my records and with Chemours to determine if Ex. 6 Personal Privacy (PP) well had been tested. It may be in an area previously determined to have very low or non-detectable levels of the compound in the groundwater. There are only a handful of laboratories nationwide which are approved to run Method 537 for PFOA and other PFCs. Chemours currently uses TestAmerica out of Arvada, Colorado I believe. I am available this afternoon if you'd like to discuss in more detail. Let me know. Thanks.

Roger; 4-5462

Hi Roger,

If you have time this afternoon, would very much like to discuss.

The citizen is looking for a certified testing lab to monitor for C8 in her private well. So far, has not been able to ID a lab that will do the testing. She has also asked county Health Dept for referrals, but so far hasn't received any. My quick glance at WV certified labs also came up short.

Ex. 6 Personal Privacy (PP)

ACS has a link to C8.
She stated that five of her neighbors, who are also on private wells, have this same diagnosis.

Cathy,

Please tie Roger in as you prep this response; he's been very involved in C8 work in WV.

Thanks,
Karrie

Hi Nan,
Absolutely -- will follow up and copy Ginny on the resolution.

Karie, Cathy:

Can you respond to this citizen?

Can you also send Ginny Davis, the new customer service rep in the PIC, information on who and where citizens can contact for more information on private well testing. This way Ginny

will have the info available for future questions. (Ginny, EPA does not regulate water from private wells)

I know Andrea Bennett used to keep a listing of businesses that did testing

Thanks

Nan

Subject: query re private well water testing for C8

Hi,

I received a call today from Ex. 6 Personal Privacy (PP) lives in Ravenswood, WV and seeks info on having water testing done for her family's private well. They live in a "Hot spot." She wants the water tested for C8. She has children and her husband has Ex. 6 Personal Privacy (PP). Her contact information follows:

Email Ex. 6 Personal Privacy (PP)

Phone Ex. 6 Personal Privacy (PP)

Ginny
